Career Summary

Aspiring developer/designer seeking to build things with computers. My experience is mainly on front-end UI/UX, however I am also involved in back-end tools for the purpose of extending my development palette. I view technology as an extension of the human mind, and use it with that purpose.

Academic History

| | |
|--|-------------|
| SeedPaths (Denver, CO) 8-Week Intensive Software Development Training <ul style="list-style-type: none">Certified Scrum Master | 2015 |
